

Club and School Rebates

Bespoke kits with special conditions for schools and clubs:

owayo wayo manufactures custom kits in professional quality. Your kit is created especially for your team and will be made to your exact specifications. Your team selects the design, colours, texts, and logos to be printed. All of this included in one price, exclusively for your team !

How does this work?

Upon closure of a club contract, your team will receive an immediate 5% off all orders. This is for any product in our assortment. The value of all of your orders will then be accumulated and tallied. As your total accumulates over time with future orders, your team will receive greater discounts, *past orders included!*

Advantages:

- 5% off first order
- smaller reorders with less surcharges
- future orders to receive added discounts >> up to 20%
- no commitment necessary, order elsewhere at any time

Who qualifies for the such discounts?

The owayo club rebate is only available to clubs, school teams, or associations that complete a written agreement with owayo. There is no time restriction for the school/club rebate. It is not required that you reach, or achieve, a certain amount of sales within a certain time-frame to benefit from the rebate.

Rebate Scaling (gross sales):

- 0 - € 2,999.99 EUR >> 5% immediate discount
- over €3,000.00 EUR >> 10% discount applied to ALL orders (retroactive)
- over €5,000.00 EUR >> 15% discount applied to ALL orders (retroactive)
- over €10,000.00 EUR >> 20% discount applied to ALL orders (retroactive)

Repeat Orders - guarantee of design; cheaper reorder conditions:

Your design is permanently archived at owayo, allowing for easy and uncomplicated reordering; at anytime and any quantity.

The reorder fee (currently € 30.00) for orders of less than 10, is reduced throughout the duration of contract to 50% and will only apply to orders under 5 items.
